About

I'm a detail-oriented web developer with a drive to continually learn new skills. I enjoy solving problems and making scalable and responsive interfaces aimed at engaging users and simplifying their day. I have a passion for building clean design, and my communication skills allow me to work effectively on teams of all sizes. When I'm not working on a project, I'm probably skiing, collecting records or tossing a frisbee around Seattle.

Employment

Freelance Web Developer

Seattle, WA
Jan 2016 - Current

- Largely front-end HTML/CSS/JS work, but have assisted in connecting CRMs to a website's backend
- Assist businesses in the redesign of their firm's website
- Manage strict deadlines and worked within established budgets

General Assembly Web Developer

Seattle, WA
Sep 2015 - Dec 2015

12-week intensive full-stack web development program. Logged 70+ hours/week working on solo and group projects as well as learning new languages, frameworks and libraries. Primarily focused on JavaScript and Ruby related frameworks, I built both front-end and full-stack applications.

Zillow, Inc. Industry Relations Consultant

Seattle, WA
May 2014 - Aug 2015

- Executed B2B marketing campaigns using a range of online platforms
- Negotiated and secured data agreements via online outreach and web presentations with executive brokers
- Performed all processing functions to secure data contracts and ensure real estate listings were posted and reported properly

Account Manager

Aug 2012 - May 2014

- Educated clients on a variety of marketing campaigns across all Zillow-related advertising platforms
- Managed high-spend clients ensuring consistent and pro-active communication
- Hands-on training of Zillow products and the construction/design of clients' professional Wordpress websites

Washington State Attorney General's Office Sr. Consumer Protection Analyst

Bellingham, WA
Nov 2009 - Jul 2012

- Responsible for the resolution of disputes between consumers and businesses
- Saved the consumers of Washington State more than \$45,000 through the mediation of over 300 consumer protection disputes
- Managed competing deadlines and maintained thorough, detailed records for numerous ongoing cases

Mercer Advisors Summer Intern

Bellevue, WA
Summer 2008 - Summer 2009

- Created portfolio summaries for clients of all investment levels and performed various administrative tasks related to maintaining and organizing client records

Education

General Assembly Web Development Immersive 2015

Western Washington University B.A. Economics 2012 B.A. History 2012

Volunteering

Medical Relief International · Medical/Dental Assistant

Provided medical and dental support via pop-up clinics throughout East Africa, Central America and the Caribbean.

Health and Hope Foundation · Volunteer

Geared towards empowering women in impoverished nations throughout East Africa and Southeast Asia by providing micro-business loans, women's hygiene supplies and educational tools.
